

Muhammad Umair Mianoor is a graduate of the American University in Dubai (AUD). Mr Umair is the 3rd generation of his family involved in the core textile machinery business and he has a rich experience of more than a decade in the textile related industry with a special focus on international textile manufacturing markets. He has been responsible for the up-gradation of the technology for various textile groups internationally ranging from top corporate entities to independent manufacturers. His specialty in the textile industry is related to home textile and technical textile and he has been responsible for rehabilitating sick industrial units abroad by relocating them to newer destinations, more conducive for manufacturing activities; thus aiding in the up-gradation of technology and the overall industry. He has served as the partner in GULF TEX MACHINE and his operations are based out of Dubai .
